

01 Executive Overview & Tech Architecture

KinoraOne is a high-security, all-in-one family operating system designed to run an entire household from a single unified application. It combines wealth management, sensitive document security, chore/maintenance management, family & friends celebration reminders, private photo/video memories, and an AI-powered household assistant.

Frontend & Mobile Stack

- **Framework:** React 18, TypeScript, Vite
- **Styling:** Tailwind CSS + Custom 3D Tactile Tokens
- **Mobile Shell:** Capacitor 6 / 7 + Gradle 8.7 (Android APK)
- **Icons & FX:** Lucide React, Canvas Confetti

Backend & Cloud Layer

- **Server:** Node.js, Express, TypeScript REST API
- **Database:** Supabase PostgreSQL with Row Level Security
- **Storage:** Supabase Object Storage (Vault & Media)
- **Smart NLP:** Indian Bank SMS Parser & AI OCR Engine

02 Dual 3D Tactile Design System

Visual Dimension	Warm Sand / Clay (Light Mode)	Deep Obsidian 3D (Dark Mode)
Canvas & Background	Warm Ivory / Sand (#F8EDE0)	Deep Midnight Obsidian (#050811)
Surface Cards	Warm Clay (#F3E3D3) with #DEC8B2 Bevel	Deep Navy (#0D152D) with #03060E Bevel
Primary Accent	Terracotta Orange (#F05A28)	Electric Cyan (#16C7F2) & Bright Blue
3D Box Model	Top white light bevel + 3px bottom shelf ridge	Top lighting highlight + 3px dark shelf + ambient glow
Hero Picture	Pixar Indian Family Photo with "Better Together ♡"	Pixar Indian Family Photo with glowing cyan frame

03 Role-Based Access Control (RBAC) & Security

Role	Clearance Level	Financial Access	Document Vault Access	Household Operations
Family Head	Full Administrator	Full (Net Worth, Goals, Incomes)	Full Access (Upload, Edit, Delete)	Manage Members, Tasks, Maintenance
Spouse / Adult	Co-Administrator	Full Access	Full Access	Manage Chores, Shopping, Wishlist
Teen Member	Standard Member	Personal Expenses only	Restricted Access	View & Complete Assigned Tasks
Child Member	Restricted Profile	Hidden / Locked	Locked & Restricted	Daily Chore Checklist & Motivation
Elder Member	Simplified Profile	View-Only Access	Read-Only Clearance	Emergency SOS, Health Profiles

1. Home Screen & Household Command Center

CENTRAL HUB

- **Dynamic Hero Greeting:** Real-time greeting (*Good Morning/Evening*), user name, live location weather pill (e.g. 28°C), and the Pixar Indian Family Portrait with the **"Better Together ♥"** badge in both Light and Dark mode.
- **Circular 3D Quick Action Carousel:** 1x2-inch tactile revolving action cards for instant one-tap access (*Birthdays, Add Expense, Wishlist, Set Goal, Add Income, Vault Upload, Tasks, Maintenance, Emergency SOS*).
- **Smart Expenses Alert:** Real-time notification badge detecting unrecorded bank transactions from SMS notifications.
- **Money Analytics Dashboard:** Month-to-date spending vs budget gauge, 4-tile metric grid (*Today, This Week, Budget Left, Transactions*), interactive **"Last 14 Days Area Chart"** with hover tooltips, and interactive **"Top Categories Donut Chart"**.
- **Recent Expenses List:** Transaction history with self-colored light 3D icon boxes and instant **"Add Expense"** button.
- **Family Tasks & Chores:** Priority-badged household chore checklist with one-tap completion.
- **Family Wishlist:** Visual bucket list of dreams and family goals with target amounts and completion statuses.
- **Quick Overview (3 Tiles):** Real-time snapshot of **"Monthly Spending"**, **"Total Savings"**, and **"Active Goals"**.
- **Family Moments Carousel:** Horizontal photo carousel linking directly to the Memories Gallery.

2. Money & Wealth Management Hub

FINANCE

- **Net Worth Aggregator:** Unified ledger aggregating bank accounts, mutual funds, gold/silver, real estate, and liabilities.
- **Privacy Mode (Eye Toggle):** Instantly masks sensitive monetary figures (*₹•••••*) with a single tap for public privacy.
- **Smart SMS Expense Sync:** Automated background parsing for Indian banking SMS (HDFC, SBI, ICICI, Axis, Paytm, PhonePe, Cred).
- **Multi-Category Expense Tracker:** Categorizes transactions into Groceries, Utilities, Rent, Dining, Education, Health, Travel, and Investments.
- **Household Income Manager:** Multi-stream income tracking (Salary, Rental Income, Dividends, Business Revenues).
- **Savings Goals with Visual Milestones:** Interactive goal progress tracking for emergency funds, vacations, education funds, and car/home purchases.
- **Budget Threshold Warnings:** Visual alerts notifying family heads when spending crosses 50%, 80%, or 100% of budget.

3. Family & Household Operations Hub

HOUSEHOLD

- **Visual Family Tree:** Interactive visual lineage tree depicting multi-generational family hierarchy and relations.
- **Member Profiles:** Comprehensive records containing birth dates, blood groups, allergies, medications, and clearance roles.
- **Home Maintenance Tracker:** Schedules periodic service for ACs, Water Purifiers (RO), Car Maintenance, Pest Control, and Appliance AMCs with due date alerts.
- **Chore Delegation:** Assigns household responsibilities to specific members with priority tags and due dates.
- **Shared Grocery & Inventory List:** Real-time shopping checklist for household items and daily supplies.
- **Emergency Medical & SOS Hub:** One-tap emergency dialer for family doctors, ambulance (108), police (100), and rapid blood group reference.

4. Family & Friends Celebrations Hub

CELEBRATIONS

- **Today's Special Celebrations:** Automated celebration banner with animated confetti when someone has a birthday or anniversary today.
- **Countdown Reminders:** Real-time countdown tracking upcoming occasions (*"In 5 days • 27 Sep"*).
- **Contact Directory:** Categorized contacts (*Family, Friends, Relatives, Colleagues*) with multiple milestones per contact.
- **One-Tap WhatsApp & Call Greetings:** Direct launch of WhatsApp with pre-filled personalized celebratory messages.
- **Gift & Note History:** Logs gifts given and received to prevent duplicate gift ideas.

5. Encrypted Family Document Vault

SECURITY

- **256-Bit Encrypted Repository:** Secure storage for Passports, Aadhaar Cards, PAN Cards, Insurance Policies, Property Deeds, RC, and Education Certificates.
- **AI OCR Scanner:** Automatically extracts document type, document number, holder name, issue date, and expiry date from uploaded photos/PDFs.
- **3D Document Presets:** Tactile 3D buttons for one-touch preset filling (*Passport, Insurance, Aadhaar, PAN*).
- **Pulsing Expiry Alerts:** Alert banners warning the household 30 days before document expiration with automated calendar reminder creation.
- **In-App Preview & Secure Download:** High-resolution document viewer and encrypted PDF downloading.

6. Family Memories & Storytelling

MEMORIES

- **Timeline Photo & Video Gallery:** Chronological feed of high-resolution family photos and vacation videos.
- **Milestone & Trip Albums:** Grouped by vacation destinations (*e.g., Gurgaon, Panipat, Goa*) and family celebrations.
- **Geo-Tagging & Locations:** Displays location badges for every saved family milestone.
- **Voice Story Recording:** Attach audio stories and voice notes directly to family photographs.
- **Supabase Cloud Storage:** Cloud sync directly backed by Supabase Object Storage buckets.

7. Shared Household Calendar

PLANNING

- **Unified Family Schedule:** Aggregates birthdays, doctor visits, bill due dates, policy renewal dates, and school events into Month and Day views.
- **Color-Coded Event Types:** Visual distinction between financial dues, household chores, and family celebrations.
- **Mobile Calendar Sync:** Export events to Google Calendar and Apple Calendar.

8. Kinora AI Household Assistant

ARTIFICIAL INTELLIGENCE

- **Financial Advisor AI:** Evaluates household spending trends and recommends realistic budget optimizations.
- **Weekly Meal Planner:** Generates healthy weekly family recipes and automatically populates the shared grocery list.
- **Natural Language Query Assistant:** Answers household questions like *"When does Dad's passport expire?"* or *"What was our total grocery spend this month?"*.
- **Kids Learning & Motivation:** Provides fun reward points and encouragement for children completing daily tasks.

05 Technical Specifications Summary

Capability	Implementation Details	Target Platform
App Distribution	Capacitor 6 / 7 Native Android Package (KinoraOne-latest.apk)	Android 10+ & Web PWA
Database & Realtime	Supabase PostgreSQL with Row Level Security & Local Fallback Store	Cloud / Offline Ready
Themes Supported	Warm Sand / Clay 3D Light Mode & Deep Obsidian 3D Dark Mode	Cross-Platform Responsive
PIN & Security	4-Digit Salted Hash PIN Lock + RBAC Clearance Enforcement	Device Level
Smart Automation	SMS Financial Transaction Parser + AI OCR Document Reader	Mobile Background Sync

KinoraOne (Famora) Comprehensive Functional Specification • Built with Google DeepMind Advanced Agentic Systems • Confidential
